the only introductory finance text with a keep it simple decision making approach and unique industry perspective the continuing instability in global financial markets highlights the critical importance of making informed decisions that maximise corporate value while minimising risk introduction to corporate finance 5e takes a unique industry approach that gives students a concise and complete overview of the financial decisions that corporations make and the actual tools and analysis they use to do so this Australian text has been developed for one semester undergraduate and postgraduate introductory finance courses it is clear concise and easy for students to follow whilst still providing a rigorous and comprehensive introduction to the fundamentals of the finance industry

the sixth edition of financial management provides students with an overview of financial management suited to the first course in finance the focus of the text is on the big picture providing an introduction to financial decision making

grounded in current financial theory and the current state of world economic conditions attention is paid to both valuation and capital markets as well as their influence on corporate financial decisions the 10 basic principles of finance are introduced in the first chapter and woven throughout the text to give students a solid foundation from which to build their knowledge of finance the goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain a complete understanding of the subject this will give them the ability to apply what they have learnt to new and as yet unforeseen problems in short to educate students in finance

what are the best investments for me what about risk do i need professional help with my investments and can i afford it mastering the language concepts vehicles and strategies of investing can be challenging fundamentals of investing shows how to make informed investment decisions understand the risks inherent in investing and how to confidently shape a sound investment strategy fundamentals of investing 3rd edition is completely updated and introduces core concepts and tools used by australian investors providing a firm understanding of the fundamental principles of investments focusing on both individual securities and portfolios students learn how to develop implement and monitor investment goals after considering the risk and return of both markets and investment vehicles fundamentals of investing is suitable for introductory investments courses offered at university undergraduate or post graduate level as well as colleges professional certification programs and continuing education courses

once again principles of managerial finance brings you a user friendly text with strong pedagogical features and an easy to understand writing style the new edition continues to provide a proven learning system that integrates

pedagogy with concepts and practical applications making it the perfect learning tool for today's students the book concentrates on the concepts techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment not only does this text provide a strong basis for further studies of managerial finance but it also incorporates a personal finance perspective the effect is that students gain a greater understanding of finance as a whole and how it affects their day to day lives it answers the question why does finance matter to me by providing a balance of managerial and personal finance perspectives clear exposition comprehensive content and a broad range of support resources principles of managerial finance will continue to be the preferred choice for many introductory finance courses

provides an introductory text on the core concepts of finance that first connects readers with their personal financial experiences before discussing aspects of corporate finance covers subjects such as the time value of money bond pricing stock valuation capital decision making forecasting and performance evaluation includes worked examples
